

```
let fruit=[25,36,5];
let mul=fruit.map(function(a){
  return a ;
});
console.log(mul);

let m=[1,2,3,4,6,10,20,21,23,25];
let sum=m.reduce(function(a,b){
  return a + b;

},0);
console.log(sum);

let sum1=m.filter(num => num % 2 === 0);
console.log(sum1);
```
